## QUIZ 1 2ND TERM

## I.- Select the correct answer.

is:	
s b) Only solids	c) Anything that takes up space in the universe
ımple of liquid is:	
b) Water	c) Vapor
mple of solid is:	
b) Water	c) Vapor
ou add or take it chan	ges the state of matter.
b)energy (heat)	c) space
he blanks with the next o	ptions: SOLID LIQUID GAS
has its own sho	ipe.
can float and e	expands.
takes the shap	
e one example of each st	ate of matter:
-	
he name of the kind of pr	operties of the examples given. Draw the correct answer
: long, thin, thick, bi	g, small, short, etc.
	(75) (177) (
그러나 그는 그 그 그 그리다 하는 것이 되었다. 나는 아이를 하는 것이 없는 것이 없는 것이 없는 것이 없다.	ick, orange, red, blue, yellow, etc.
	있었는데 없는 아이스로 아마는데 만든 Head Proving Files 이 Head Proving 인상으로 이 특별한 Head Proving Inc Charles Head Proving Inc.
	s solid and firm, not easily broken.
: smooth, rough, ho	
	b) Only solids  Imple of liquid is: b) Water  mple of solid is: b) Water  ou add or take it chan b) energy (heat)  he blanks with the next o has its own sho can float and e takes the shap  e one example of each sto  color flexibility  : long, thin, thick, bi _ :it can change form _ : Green, White, blo _ : triangle, square, o _ : something that it is

## V.- Draw to the arrows the name of the process that occurs on the changes of matter Condensate Evaporate Freeze Melt
