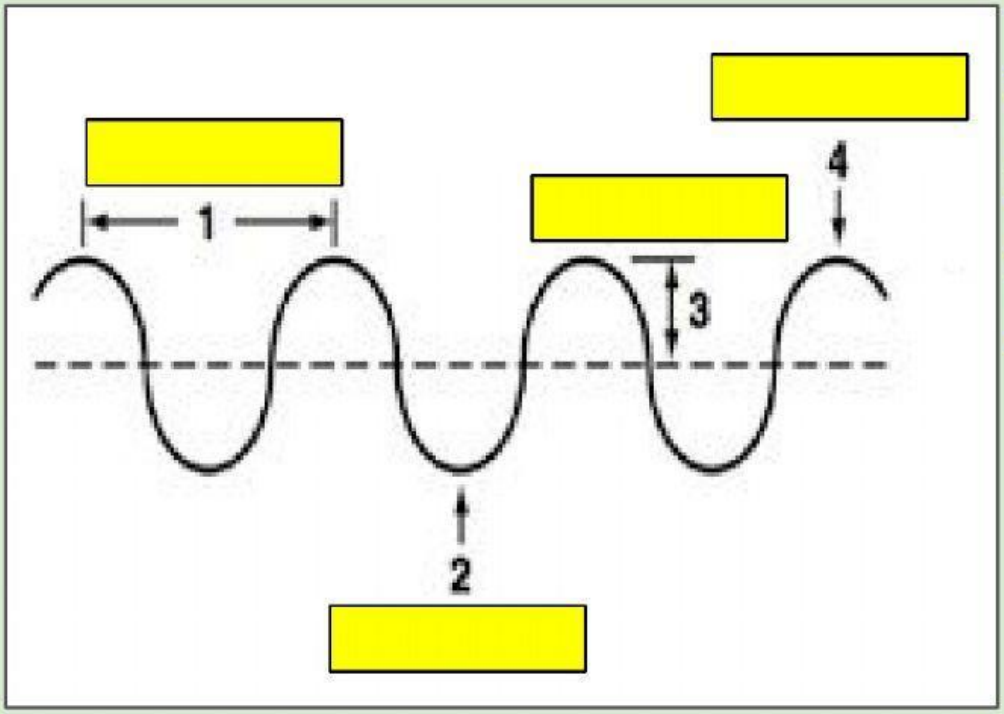
Properties of Waves

FULL NAME: _____



trough

crest

wavelength

amplitude

Task 6

Alef lesson #79 Apply

Science Book Section 6.1

Frequency	Wavelength

What is the relationship between frequency and wavelength? Build your answer.

of a wave	the number of waves that pass a fixed point in 1 second	the higher the frequency
the distance between 2 corresponding points on waves that are next to each other (adjacent)	measured in Hertz	The shorter the wavelength
