Today, technology aids us in doing even the (0) *simplest* of domestic chores but until the middle of the twentieth century most women's lives were dominated by backbreaking tasks requiring not only a (1) ..... amount of time but also a lot of (2) ..... Before the (3) ..... of the electric washing machine, women spent a full day or more every week doing the (4) ..... laundry. That is something which many women today would find (5) ..... to imagine.

The electric washing machine was of course a great (6) ..... success. It was in fact a (7) ..... triumph which made a huge difference to women's lives. It represents one of the twentieth century's greatest (8) ..... advances though it rarely receives recognition for this. No one who had the (9) ..... would ever give up their washing machine and do laundry the (10) ..... way.
