Providers of Goods	Providers of Services

D. Jesus and His disciples went into the temple area. What Jesus saw made Him angry. In the area around the temple, people were doing things they were not supposed to be doing. Some were buying and selling animals for sacrifices—animals like oxen, sheep, and doves. Other people had set up tables, and they were exchanging money. The Jews had to pay a tax at the temple, and they needed to have the right kind of money. So the people at the tables traded for the money accepted at the temple. And still other people were carrying supplies through the temple area, using it as a shortcut to get from one side of the city to the other. This was not what the temple was for!

i) From the story, **name three goods** that were being sold in the temple.

ii) What are the services that were provided in the temple?
