

# Sumo Unidades y Decenas.

1. Cuenta los palillos de cada planta y súmalos.

¡Qué fácil es sumar unidades! ¡Y decenas!

| Building              | Row | Stick Representation 1 | Stick Representation 2 | Result |
|-----------------------|-----|------------------------|------------------------|--------|
| Left Building (Units) | 1   | III                    | II                     | 5      |
|                       | 2   | IIII                   | IIII                   |        |
|                       | 3   | IIII                   | II                     |        |
|                       | 4   | IIII                   | I                      |        |
|                       | 5   | I                      | IIII                   |        |
|                       | 6   | IIII                   | II                     |        |
|                       | 7   | II                     | IIII                   |        |
|                       | 8   | IIII                   | IIII                   |        |
| Right Building (Tens) | 1   | III                    | II                     | 50     |
|                       | 2   | IIII                   | IIII                   |        |
|                       | 3   | IIII                   | II                     |        |
|                       | 4   | IIII                   | I                      |        |
|                       | 5   | I                      | III                    |        |
|                       | 6   | IIII                   | II                     |        |
|                       | 7   | II                     | IIII                   |        |
|                       | 8   | IIII                   | III                    |        |
