

# Seven Continents song

The world is split up into continents, there are seven in all  
And if you get the gist, we're gonna make a list from biggest to small:

They are:  
Asia, Africa, North and South America  
Antarctica, Europe, and finally Australia

Asia, Africa, North and South America  
Antarctica, Europe, and finally Australia

Hey! My name  
is Asia,  
And more  
than half of  
the world  
lives here,  
but, whatever

And I am  
Africa, with  
desert for  
miles  
And my Nile  
is the  
longest river

North  
America! Start  
down in  
Panama,  
Wide open  
spaces, all the  
way to Canada

I'm South  
America with  
animals galore,  
Where the  
rainforest  
grows 'cause  
the rain really

I'm  
Antarctica,  
and I'm  
totally ice

And I'm  
Europe. You're  
welcome...  
For the pasta,  
pizza, waffles,  
and fries

I am Australia, some call me  
Oceania,  
I got a lot of islands, too many to  
explain to ya
