1. Smoking

It's no secret that smoking is bad for your health – and can lead to emphysema, heart disease and many types of cancer – but did you know it affects how you look, too?

"Smoking is probably one of the worst things you can do," says [Pascal Bordy, MD](#), general practitioner at [Fawcett Memorial Hospital](#) in Port Charlotte, Florida. *"It induces wrinkles, makes the person look more pale and creates vertical lines around the lips."* The toxins in cigarettes can also break down the elasticity of your skin, which leads to sagging. Are you ready to put down the pack yet?
