**Task 1.** Write a number (1–8) to put the ideas in the order that they are mentioned in the video.

Natural climate solutions can help to fix the climate crisis.

We need to fund things that help nature, not things that destroy it.

Trees take carbon out of the air and lock it away.

We need to stop burning fossil fuels.

We need to restore our planet by helping ecosystems to regenerate.

More money is spent on fossil fuels than on natural climate solutions.

We need to protect nature.

We are destroying nature faster than ever.
