- 6 How fast does it move? _____
- 7 What time does it open / close? In the summer _____
In the winter _____
- 8 Can you get tickets on the day you want to go? _____
- 9 Where is the ticket office? _____
- 10 Which underground station is near the London Eye? _____

The London Eye

The London Eye was opened on New Year's Eve 1999 to celebrate the Millennium. It is 135 metres high, and from the top you can see all of London. On a clear day you can even see Windsor Castle, which is 40 kilometres away. The London Eye has 32 capsules, each with room for 25 people. Each 'trip' lasts 30 minutes. It moves quite slowly, at a speed of about 15 metres a minute, but it never stops. Passengers have to get on when it's moving.

Opening times Daily from 9 a.m. to 10 p.m. in the summer and from 10 a.m. to 6 p.m. in the winter.

Tickets In advance online or by phone. A limited number of tickets are available on the day from the Ticket Office in County Hall (the building next to the Eye), but go early because you often have to queue.

How to get there 5 minutes' walk from Waterloo underground station.
