I know that there's a 2.

You won't be leaving with me

And afterwards we drop into a quiet little place

And have a drink or 3.

I can see it your 5.                      you still despise  
The same old 6.                      you heard the 7.                      before  
And though it's just a line to you, for me it's true  
It never seemed so 8.                      before.  
I practise every 9.                      to find some clever lines  
to 10.                      to make the meaning come through  
But then I think I'll 11.                      until  
the evening gets 12.                      and I'm alone with you.  
The time is right, your perfume fills my 13.  
The stars get 14.  
And oh the right's so 15.  
And then I go and spoil it all by saying  
Somethin' stupid like "I love 16.                      ".
