## Downhill all the Way

| ACTIVITY #1: Name the followi |
|-------------------------------|
|-------------------------------|

|   | a)                |  |                             | b) _   |                              |  |
|---|-------------------|--|-----------------------------|--|------------------------------|--|
|   | c)                |  |                             | <b>d)</b> _  |                              |  |
| ACTIVITY #2: Write meaning of each given word.            |                   |  |                             |  |                              |  |
|   | a)                | wobble   |                             |  |                              |  |
|   | b)                | musician   |                             |  |                              |  |
|   | c)                | fumes  |                             |  |                              |  |
| ACTIVITY #3: Write a synonym for each bracketed word.     |                   |  |                             |  |                              |  |
|   | a)                | Everyone looked at the old joker in (wonderment) |                             |  |                              |  |
|   |                   |  |                             |  |                              |  |
|   | b)                | We tried   | d to (rescu                 | the young kitten.  |                              |  |
|   | c)                | The police                                       | ceman didr                  | the tall man.  |                              |  |
| ACTIVITY #4: Use a_e, e_e, or i _e to complete each word. |                   |  |                             |  |                              |  |
|   |                   |  |                             |  | 91 1 92                      |  |
|   | a)                | It is not  | t s f_                      | to play  | with a knife.                |  |
