### Activity 2 Reading

Read about three students. Then, answer the questions.

- 1 What are their favourite places? 2 Which person are you more like?

Fouzia

I really love shopping. My favourite place is the shopping mall. I don't always buy things, but it's still so fun to go there.

My favourite place is the park. It's a very good place to spend time. My younger brothers and sisters really love it, too. Sometimes it's really hot and we don't go there.

Rashid

I really like the cinema. I go there very often - maybe three days a week! I want to be a film-maker in the future. I really like films.

Alia
