Personal notes :

2. Complete the following crosswords

3. Complete the description with the words you found: the specialist is talking about the job of a detective.

Detectives have an amazing job. When a crime is committed, they _____: they interrogate suspects, look for clues...and eventually they _____ the criminal.

How? Well, in the past, they looked for clues with a _____, interrogated the suspect by a shining _____ in his/her face and finally typed their reports on a _____.

Nowadays, things are more modern, of course. They put rubber _____ on to look for DNA. And the _____ are typed on a _____. But it's still fascinating!
