

This is a short questionnaire in order to check if you feel comfortable with the online teaching so far. Please answer the questions honestly and also to tell me if you have any suggestions how we can improve the process.

How did you like learning with „liveworksheets“?

Was there anything that you didn't understand?

Are there any topics that you would like to discuss in more detail?

How is the quarantine going so far? Is there anything that you want to tell me as your tutor? For example something that I should communicate with the other teachers?

Do you have any other questions/ is there anything else you want to tell me?
