

Find the volume of the following cubes: Remember to use  $S^3$

$S = 5\text{m}$

$V = \underline{\hspace{2cm}}^3$

$S = 7\text{km}$

$V = \underline{\hspace{2cm}}^3$

$S = 18\text{mm}$

$V = \underline{\hspace{2cm}}^3$

$S = 40\text{m}$

$V = \underline{\hspace{2cm}}^3$

$S = 105\text{mm}$

$V = \underline{\hspace{2cm}}^3$

$S = 3\text{mm}$

$V = \underline{\hspace{2cm}}^3$

$S = 48\text{cm}$

$V = \underline{\hspace{2cm}}^3$
