JOIN THE WORD WITH ITS MEANING (UNE LA PALABRA CON SU SIGNIFICADO).

Vincent Van Gogh was famous for his beautiful paintings. One interesting thing about this painter is that he cut off his left ear, but this is a mystery that investigators want to solve. In 1888 Van Gogh was living in The Yellow House in the south of France. While he was staying in that house, he painted The Starry Night over the Rhone and The Sunflowers. Later, he met painter Paul Gaugin. They were working and living together for some time, but they were always fighting, so Gaugin decided to return to Paris. One version of the mystery says that Van Gogh did not want Gaugin to leave, and they had a big fight. As a result, Van Gogh cut his ear with a razor.
