Citizens cannot (1) _____ what to invest their taxes

There have been a lot of controversy as the Major wants to (2) _____ more money _____ the construction budget for the city. He says there is not enough money to build the city right now, so he wants to increase its amount. Some people (3)

_____ him _____ wanting the roads to be more efficient, as we are becoming a bigger city with more and more business opening in places where nobody can get to, so he has a lot of fans. People want to (4) _____

_____ the airport in less than one hour and others ask architects and engineers how long would these constructions take, as they may affect local businesses that are in the possible construction areas. However, others don't like the idea and they (5)

_____ it. They say that the Major should invest more in education and health care. The city has grown a lot in the last few years, and the budget for educational institutions has not changed; so, it is not enough for all the public schools that have now welcome more kids into their facilities.

So, the Major has decided to (6) _____ citizens _____ the topic. Anyone with a good argument can sign up for a four day conference and present their arguments for or against the plan. People are already signing up.
