THE MOST BRITISH GUINNESS WORLD RECORD

Every year hundreds of people try to set a new Guinness World Record or break an old one. The records can be serious or silly, and some have a special character, because they are connected with a specific country and its culture. **1.**_____ His name's Simon Berry and he's a fan of extreme sports, especially bungeejumping. **2.**_____ So, he decided to combine those two passions and break a record at the same time. What did he do? Well, he stood at the top of a bridge with a biscuit in his hand. Then he made the bungee jump. **3.**_____ All he had to do was…to put the biscuit inside it! And he made it! After the successful jump he said that it was very tricky, because he hadn't seen the tea from up there! Simon made a jump from 73 metres and officially became a Guinness Record Holder. But he wasn't the first to think about breaking this record. **4.**_____ So Simon broke it by 13 metres!

Zadanie 12. **Rozumienie tekstów pisanych**

Przeczytaj informacje o trzech roślinach (A–C) oraz pytania 1.–4. Do każdego pytania dopasuj właściwy tekst. Wpisz rozwiązania do tabeli.
Uwaga! Jeden tekst pasuje do dwóch pytań.

Tekst A.

ALOE VERA

Aloe Vera plants don't grow well in the shade and must have lots of natural light to be green and beautiful, but you shouldn't place them outside in the cold. Inside their leaves Aloe Vera plants have special gel which can help you if you've cut or burnt yourself. Sadly, the leaves are toxic for cats, so be careful if you have a pet at home.

Tekst B.

CAST IRON PLANTS

Growing cast iron plants is often chosen by busy people who can't give their plants much care or attention, as the plant can survive the most extreme conditions – high and low temperatures, dark and sunny locations, and even irregular watering. Luckily, it's also non-toxic and won't cause any harm to pets.

Tekst C.

ORCHIDS

Orchids are one of the most elegant plants and they'll look great in any room. However, you need to learn how to care for them. They need a unique pot and the place you put them in also matters (they don't like a lot of sun but they also hate the cold). If you don't water them too much, you'll have a chance to see their beautiful flowers at least once a year.
