Types of farms

A **farm** is a piece of land used to grow plants and/or raise animals for food. People who grow these plants or raise these animals are called farmers. This type of work is called farming.

There are many different types of Farms.

- Plants – farms that grow crops such as tomato, cabbage, or watermelon.

- Animals

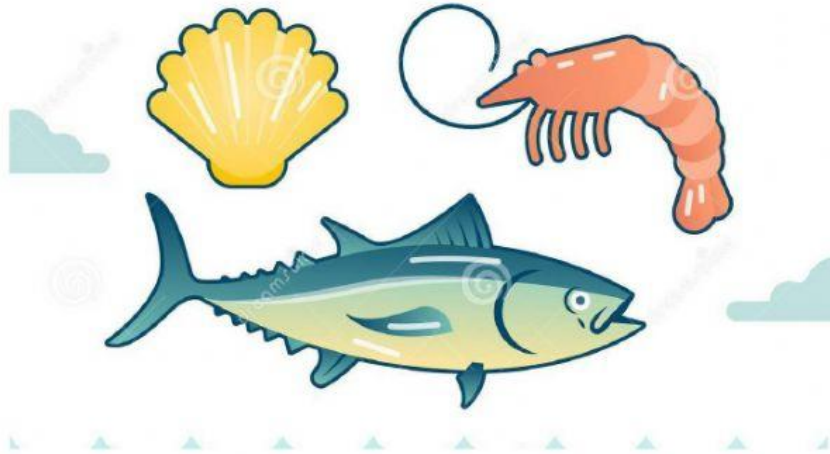

- Poultry- This is a bird farm. It can have chickens, ducks and/ or turkeys.

- Livestock- This farm can have cows, goats, sheep, rabbits, and pigs.

- Aquaculture- This is a fish farm. It can have Tilapia fish, catfish, shrimps, and crabs.

- Mixed - when a farm grows crops **as well as** keeping animals.
