

**DOUBLE RAINBOW****by Katy Perry**

You're a one-of-a-one, a \_\_\_\_\_  
That you only find \_\_\_\_\_  
Made to \_\_\_\_\_  
A code that clicks-open a gold mine

They say one man's trash is another man's treasure  
When I found you it was all \_\_\_\_\_

Secretly, I \_\_\_\_\_ 'cause you're  
Brighter than all of the Northern lights  
You speak to me even in my dreams  
Wouldn't let you go for even the highest price

They say one man's trash is another girl's treasure  
So \_\_\_\_\_ I'm gonna keep you  
forever

(Chorus)  
'Cause I understand you  
We \_\_\_\_\_  
Like a double rainbow in the sky  
And wherever you go, so will I  
'Cause a double rainbow is hard to find

Was a phenomenon when you came along  
Yeah, our chemistry was more than science  
It was deafening, loud like lightning  
It was striking, you \_\_\_\_\_

They say one man's trash is \_\_\_\_\_  
The two of us together make everything glitter

(Chorus)  
To the bottom of the sea I'd go to find you  
Climb the highest peak to be right beside you  
Every step I take I'm \_\_\_\_\_
