Papyrus

Five thousand years ago, there was no paper. People used clay (molio) tablets to write on. The tablets were very heavy. They were easy to break. People used each tablet only one time.

The Ancient Egyptians wanted to make paper to write on. In Egypt were lots of papyrus plants. The Ancient Egyptians used papyrus to make a kind of paper. It was difficult to make it, but this papyrus was soft and light and easy to write on.

People in other countries started to use papyrus, too. But papyrus was very expensive. Only rich people used it.
