

Figure 1 displays 10 diagrams, each representing a different combination of symbols and their corresponding binary representations. Each diagram consists of a row of 10 positions, each with a symbol and a binary value (0 or 1) below it. The symbols are: sad face, thumbs up, thumbs down, peace sign, crossed-out thumbs up, airplane, plus sign, and thumbs up. The binary values are 0 or 1. The diagrams are arranged in a row, separated by vertical lines.

[illegible]
