

## **WAR / NO MORE TROUBLE – MUSIC FOR CHANGE & BONO (U2)**

(Written by Allen Cole / Bob Marley / Carleton Barrett )

Until the philosophy which holds one race  
Superior and another inferior  
Is finally and permanently discredited and abandoned  
Oh, everywhere is war, say war  
Is war  
Children

**Until there are no longer first class  
Second class citizens of any nation  
Until the colour of man's skin  
Is of no more significance than the colour of his eyes**  
Everywhere is war, war  
Everywhere is war  
Killing the brother, war  
Destroying the country, war  
For nothing, war  
For nothing, war

They going to take care of another brother  
We don't need no more war  
Some winning, some losing  
Some dying, some crying  
Some singing

We don't need no more trouble  
We don't need no more trouble  
We don't need no more trouble  
Oh no, oh no no no

We don't need no more trouble  
We don't need no more trouble  
We don't need no more trouble  
Oh no, oh no

What we need is love to guide and protect us on  
If you help me down from above  
Help from where we get from  
Oh, you got to stop the war  
We don't need no more trouble  
We don't need no more trouble

1. What is the message of the song?
2. What are first and second class citizens? Can you give examples of 'second class' citizens nowadays?
