UNIT 5

What do you want to buy?

Read and circle *True* or *False*.

Lucy: Zoe's birthday is coming. I want to buy a pair of

sunglasses for her.

Melissa: She doesn't need a pair of sunglasses. I just bought

one for her two months ago.

Lucy: Um... what about a pair of boots? She will look good

in boots.

Melissa: Boots are always expensive. By the way, we are not

sure about her shoe size. I want to buy a pair of

earrings for her.

Lucy: You don't know Zoe very well, right? She never wears

earrings.

Melissa: Then, what should we buy?

Lucy: Let's buy a gift card for her.

She can buy anything she wants with the gift card.

Melissa: That's a good idea. Let's go!

- 1. Melissa wants to buy a pair of boots for Zoe. True False
- 2. Lucy wants to buy a pair of earrings for her. True False
- 3. Lucy wants to buy a pair of sunglasses for Zoe. True False
- 4. Lucy and Melissa want to buy a gift card for Zoe. True False
