

# What do you want to buy?

## I Read and circle *True* or *False*.

**Lucy:** Zoe's birthday is coming. I want to buy a pair of sunglasses for her.

**Melissa:** She doesn't need a pair of sunglasses. I just bought one for her two months ago.

**Lucy:** Um... what about a pair of boots? She will look good in boots.

**Melissa:** Boots are always expensive. By the way, we are not sure about her shoe size. I want to buy a pair of earrings for her.

**Lucy:** You don't know Zoe very well, right? She never wears earrings.

**Melissa:** Then, what should we buy?

**Lucy:** Let's buy a gift card for her. She can buy anything she wants with the gift card.

**Melissa:** That's a good idea. Let's go!

1. Melissa wants to buy a pair of boots for Zoe. **True** **False**
2. Lucy wants to buy a pair of earrings for her. **True** **False**
3. Lucy wants to buy a pair of sunglasses for Zoe. **True** **False**
4. Lucy and Melissa want to buy a gift card for Zoe. **True** **False**
5. Lucy and Melissa know Zoe's shoe size. **True** **False**
