Lyrics:

[Verse 1]

Your body is here but your hands are
wandering off
In the cracks of your ceiling, I'm wondering
where you are
While I'm getting lost in the soft light on
your skin
I'm waiting for you to give up and let me in

[Chorus]

So, what do you need?
Holy feeling
The type your God can't give you
And it brings you to your feet
So give into me, holy feeling
The type your God can't give you
But baby, I would be

[Verse 2]

You can wait another month
Another five, another seven, another night
You can stay in your books and the old
songs up on your head
But I'll never settle 'til my lungs cave in on
my chest

No, the timing's never right but don't
hesitate to fall in my arms

Repeat [Chorus]

Hmm, willing

[Bridge]

You're the only thing that makes me feel
as if I have enough
You're the only thing that stands between
the waves we could become
You're the only thing
You're the only thing, yeah
Oh, I'm willing
So, what do you need?
Hmm, hmm

Repeat [Chorus]

[Outro]

I would be, yeah
I'm willing, hmm
I would be willing
Hmm, what do you need?
I'd be, I'd be, I'd be, I'd be
