

$\frac{x}{y}$

FRACCIONES

 $\frac{x}{y}$

1. Arrastra cada dibujo a la fracción correspondiente.

$$\frac{3}{6}$$

$$\frac{1}{4}$$

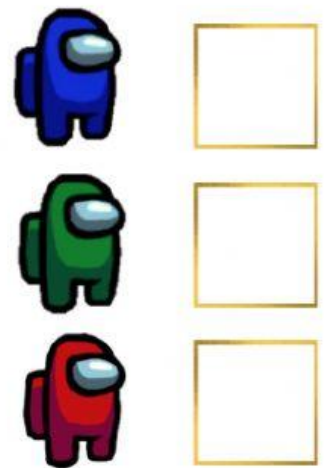

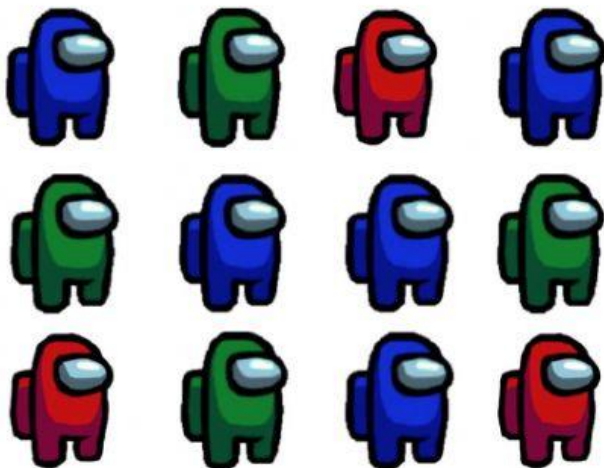

$$\frac{2}{4}$$

$$\frac{3}{5}$$

$$\frac{2}{8}$$

2. Observa la imagen y escribe la fracción que corresponda.

3. Calcula.

$$\frac{1}{2} \text{ de } 24 \rightarrow \begin{array}{l} 24 : \underline{\quad} = \underline{\quad} \\ \underline{\quad} \times 1 = \underline{\quad} \end{array} \quad \frac{3}{6} \text{ de } 36 \rightarrow \begin{array}{l} 36 : \underline{\quad} = \underline{\quad} \\ \underline{\quad} \times 3 = \underline{\quad} \end{array}$$
