

Reading Activity

Animals Everywhere

A. Read, look and complete the sentences.

1. A _____ has wings and fly through the air.
2. A _____ has scales and long body.
3. A _____ has fur and whiskers, they can climb.
4. A _____ has paws and a tail, they can't climb.
5. A _____ has fins and scales.

B. Read the text and answer the questions.

1. Are Cheetahs big cats?
2. Where do they live?
3. Do they have a big head?
4. What do they eat?
5. Can they run very fast?

Cheetahs are big spotted cats. They live in Africa's grasslands. They can run very fast. They have a small head, long legs and short fur. They are good hunters and they can eat big animals. Cheetahs can run very fast, they run 70 miles per hour.
