Name _____ Date _____

Energy Transfer in an Ecosystem

1. Draw a line matching the term to the proper definition.

Producer	An organism that eats meat (other organisms)
Consumer	An organism that eats producers
Decomposer	An organism that eats (consumes) other organisms
Herbivore	Organisms that break down dead or decaying organisms
Carnivore	An organism that eats other meat (other organisms) and producers
Omnivore	Organisms that make their own food

2. Drag and drop the pictures given in accurate boxes to show the transfer of energy in an ecosystem.
