

Area del triangolo

Per calcolare l'area del triangolo usa la formula: (base x altezza) : 2
che si abbrevia (b x h) : 2

Il triangolo nella figura ha la base di 7 cm e l'altezza di 3 cm

b = 7 cm

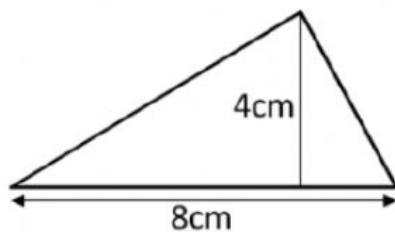

h = 3 cm

L'**area** allora sarà

$$(7 \times 3) : 2 = 21 : 2 = 10,5 \text{ cm}^2$$

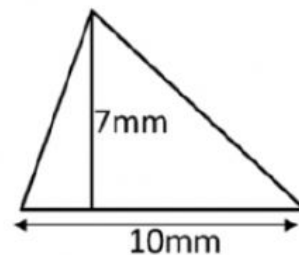

Nota che l'unità di misura è il cm^2 (centimetro quadrato)

1)

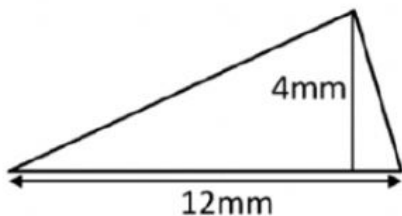

Area = _____ cm^2

2)

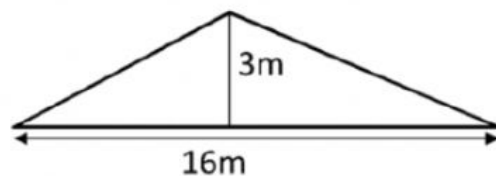

Area = _____ mm^2

3)

Area = _____ mm^2

4)

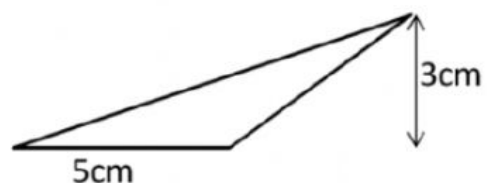

Area = _____ m^2

5)

Area = _____ cm^2

6)

Area = _____ cm^2
