

Complete the passage with the correct form of the verbs in brackets.

Hi Julie!

Guess where I am! I'm at a summer camp in Perthshire. I (be) _____ here since last November and I'm having a fantastic time. I (stay) _____ in a small hut with other boys and they're great fun.

So far we (climb) _____ two mountains and we've been horse riding and hiking. We went horse riding yesterday and I loved it. I (hope) _____ we go again. Today, we went hiking all day and I'm exhausted! However, it was a good experience because we learnt how to use a compass.

Tomorrow we're going canoeing. Have you ever been? I've always wanted to try it and I'm so excited! We (not try) _____ mountain biking yet. The mountains are only five kilometres from here and we are going to go there on Thursday. On the last day we might go sailing on the lake if the weather is good. I'm looking forward to that!

We've had some exciting adventures. One day while we were going through a forest we (hear) _____ a loud noise. When we turned round we (see) _____ a bear some metres away from us. Our instructor told us to lie down and pretend to be dead. The bear (get) _____ closer to us. While it (walk) _____ around me I felt terrified. Then some bees caught its attention and luckily it walked away to look for honey.

That's all for now. It's late and I must go to bed. We (get up) _____ very early tomorrow.

Best wishes,

Andy
