MY SCHOOL

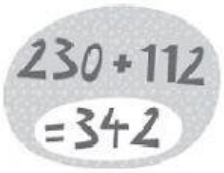

Hi. I am Nina. I am eleven years old and I study at Shakespeare school in London. I study in the morning. I go to school by bus.
My school is big. There are 950 students. We have ten subjects: English, Maths, Science, Physical Education (PE), Information Communication Technology (ICT), History, Art, Language, Music and Religion. My favorite subjects are English and Science. I hate Maths because it is very difficult.
Classes start at 7:30 am and finish at 1 pm. We have two classes and then we have a break. We play football in the playground **(1).** Sometimes I go to the canteen to buy a sandwich or to have lunch **(2).**
My school is well equipped. There is a science lab **(3)** to do experiments, a library to read books **(4)**, a music room **(5)** where we can play instruments and a computer room **(6)**.
We have big classrooms with a lot of chairs and desks **(7).** The teachers are sometimes working at the teacher's room **(8)** next to the principal's room **(9)**, not far from the secretary's room **(10)**. In each floor, there are bathrooms **(11)**.
