

I read different kinds of books. I read books about stories and books about facts. When I was younger I liked storybooks but now I am older I prefer factual books.

I haven't been able to swim much recently. I don't have the time. When I am at home I am relaxing or I have other things to do such as cooking or picking my children up from work or university.

. I don't go out except once a day. I work from home and my wife has to do all the shopping. I have a pre-existing condition so have stay inside.

The corona virus has changed things

I like to read books.

I enjoy swimming.
