### I. READING:

#### Charlie's life

My name's Charlie and I go to a special school for music students. I play the piano and sing, and I want to be a professional musician in the future. The school is in London and it's for students from fourteen to eighteen years old. We study normal subjects in the mornings and Music in the afternoons. My favorite 'normal' subjects are English and History. Some students want to write music and others want to sing or play professionally. I want to sing in a famous pop band and travel around the world. I want to be a pop singer.

My parents are musicians. My dad plays the drums in a jazz band. My mum's teaching singing and music at my school at the moment, but she sometimes sings in my dad's band. I don't like jazz and I don't want to be a teacher.
