

## Text Talk

In text messages we often use short forms of longer words and expressions to save time when writing. This is called 'text talk'. Add missing text talk or meaning in the table below.

| Text Talk | Meaning             |
|-----------|---------------------|
| LOL       |                     |
| OMG       |                     |
|           | As soon as possible |
| Plz       |                     |
|           | By the way          |
| CU        |                     |

Hi! How RU? Y not C a film together? TOM at my place?
