Hi! I'm Kai from London, in the UK. Covent Garden is my favourite market.

A hat shop

This shop is amazing, you can buy lots of different hats here. There are hundreds of different caps too. I like collecting caps. I've got twenty-five in my collection now. Look at this one. It's Chelsea, my favourite football team!

Street theatre in Covent Garden

Covent Garden is an amazing place to see street theatre. There are musicians, clowns and magicians. Look, here's a human statue! He doesn't move until you give him some money.

A café in Covent Garden

When I go shopping with my mum in Covent Garden, we like going for a snack. There are lots of cafés here selling food from all around the world. My mum really likes this vegetarian restaurant. It's called the Wild Food Café. She has a salad sandwich. My favourite snack is falafel. It's delicious!
