

Match the number sentences with the word problems.

(Optional: Color the images in the problem and the correct answer the same color.)

- 1) 8 piglets were born to a pig. How many piglets were born to 3 pigs?

$$1 \times 8 = 8$$

- 2) 16 lambs were born to 8 sheep. How many lambs were born to 1 sheep?

$$24 \div 8 = 3$$

- 3) 1 infant was born to a monkey. How many infants were born to 8 monkeys?

$$3 \times 6 = 18$$

- 4) 24 kits were born to 8 rabbits. How many kits were born to 1 rabbit?

$$16 \div 8 = 2$$

- 5) 3 cubs were born to a lion. How many cubs were born to 6 lions?

$$8 \times 3 = 24$$
