

MARK RONSON, MILEY CYRUS – NOTHING BREAKS LIKE A HEART

Ex. 1. Listen and number the lines.

- ___ And nothing breaks like a heart
- ___ Things fall apart, but nothing breaks like a heart
- ___ This world can hurt you
- ___ It cuts you deep and leaves a scar

Ex. 2. Cross out the word that is extra.

I heard you on the phone at last night
We live and die by pretty old lies
You know it, oh no, we both know it
These silver bullet cigarettes burn

Ex.3. Fill in the empty spaces with the suitable word.

This burning _____, there's nothing left
It's smoking, we both _____ it
We got all _____ to fall in love
But just like that we _____ apart
We're _____, we're broken

Ex.4. Choose the word you hear.

[Pre-Chorus]

Well nothing, nothing, nothing gon' **save/have/blame** us now

[Chorus]

Well, there's broken **violence/solace/silence**

By thunder **dashing/crashing/bashing** in the dark

(**Dash/Crash/Bash** in the dark)

And this **stolen/broken/taken** record

Spin endless circles in the **car/far/bar**

(Spin 'round in the **car/far/bar**)

Ex.5. Listen and number the lines.

- ___ And nothing breaks like a heart
- ___ Things fall apart, but nothing breaks like a heart
