Five-minute writing – 2Ad sentences

I am home-schooling my children at the moment.

I had to do this exercise with my son, and I thought that it was quite nice for a quick bit of writing using adjectives.

Make 2Ad

2Ad sentences have TWO **adjectives** before the first **noun** and TWO **adjectives** before the second **noun**. We include commas (,) between each adjective too. Here are two examples for my children:

- Wilson is a **kind, loyal boy** with **big, beautiful eyes**.
- Thomas is a **crazy, adventurous child** with a **cool, sporty bike**.

Make sentences based on friends or members of your family – remember to be kind and respectful! Try to use different adjectives in each sentence.
