A DIFFERENT KIND OF VACATION

Sunday, November 10

This is my fifth day in Kazo. How quickly time flies – especially when you are busy. I'm happy I chose to volunteer in Kazo with a group of Israelis rather than travel to India like so many of my friends. I know it won't be easy to
5 spend time here, but I think I'm going to get a lot out of the experience. And who knows? Maybe I can make a difference!

Tuesday, November 12

Many of my friends want to know what I do every day. When we arrived, we met the local families that we would visit four days a week. In the mornings, I
10 help the women in my "family" do the chores. They cook and clean. They carry water from the village well¹ to the house.

In the afternoons, each volunteer works on his or her special project. I'll write about that another time.

After supper, all the volunteers play games with the children. We taught them
15 to play backgammon (sheshbesh) – it's the most popular game. After the children leave, we sit together and talk about things that happened during the day. If one of us needs to solve a problem, we discuss it.

I decided that I would teach the kids different types of dancing. I taught them
20 hip hop and, of course, many Israeli folk dances. In return, they taught me a traditional, national dance, Kiganda. Traditional dances are about Ugandan life. It is a tradition to perform the Kiganda in honor of² important visitors and for the country's king. We are getting ready to compete in a national dance competition for youth in Kampala, the capital city of Uganda. Sixty schools
25 are going to participate. We practice every afternoon. The kids are very excited and so am I!

Wednesday, December 10

Tomorrow is our last day in Kazo. I'm sad to leave, but I have
30 wonderful memories of my time here. I enjoyed getting to know the people and their way of life. I feel good about myself and what I did here. I believe I made
35 a difference. By the way, look at the attached³ photo. We won first place in the national dance competition!
