Once upon a time there was a \_\_\_\_\_ family in this same village. They were not \_\_\_\_\_ people in the country but they had a lot of land and cattle. Their food baskets were \_\_\_\_\_ and their clothes were made from \_\_\_\_\_ and \_\_\_\_\_ fabrics any one could get.

However, they were not \_\_\_\_\_. In fact, they were \_\_\_\_\_ family in the village and no one could understand. Isn't their property enough to make them \_\_\_\_\_?

They walked about with \_\_\_\_\_ shoulders and sad eyes. No laughter came out of their mouths and no joy could be seen in their home. Their conversations were \_\_\_\_\_ and full of melancholy.

One day, the head of the family decided to do something about their problem. He called his younger brother.

"My dear brother Misozi, listen to me. I think I've found the solution to our troubles."

"Do not tell me that Mavuto. Our problems are \_\_\_\_\_ in the whole world and we will never be able to solve them."

"This will work, believe me."

"I hope this will not turn out to be \_\_\_\_\_ scheme you have ever come up with."

"Don't worry. Just wait and see. You will be the most surprised person in the entire universe."

The following day, Mavuto chose a piece of land not far from their house. It was \_\_\_\_\_ and full of weeds. No one wanted to use it because it was \_\_\_\_\_ to tame.

"I will turn this into the \_\_\_\_\_ garden anyone has ever seen."

Like a \_\_\_\_\_ man, he started digging and digging, removing stones and rubbish so as to prepare the ground for planting. He watered the ground every single day until it became \_\_\_\_\_ and \_\_\_\_\_. Soon, it was time to plant flowers, trees and vegetables.

His mood got \_\_\_\_\_ as time passed. He laughed more and his happiness was \_\_\_\_\_. Later on, his wife and children joined and helped him to take care of the garden. What a sight! The complaints and fights had disappeared. What remained was \_\_\_\_\_ family in the whole village. The children shrieked with \_\_\_\_\_ joy and the adults no longer shouted at one another for no reason at all. It was \_\_\_\_\_ thing to see.

A lot of time has passed since then. The \_\_\_\_\_ man says that the garden has been tended by at least three generations. Today, the family is not as affluent as it used to be. Rumor has it that they say that the garden is their \_\_\_\_\_. They take care of it as if it was an egg that could break at any moment.

\_\_\_\_\_ garden in the village is the key to their happiness.
