

Birthday Party

It's Emma's birthday and she is very excited! She is going to have a big party to celebrate it with her friends. Emma's helped her to prepare for the party. They made invitations together and Emma gave them to all of her friends at school. Her mom also ordered a magic show, face painting, and a band to play music. Emma's friends are going to take part in all the fun activities.

Emma's dad is going to manage the snack stall and he has prepared lots of treats for the kids. There will be cupcakes, cookies, and other delicious desserts. Emma's grandma is going to do nails for all the girls and make them look pretty. Emma is so happy that everyone is coming to her party! The younger brother is going to help as well. He is going to decorate the room with the streamers and colourful balloons.

The playlist is ready and there is going to be lots of dancing. Emma's mom also organized a special surprise for her - a beautiful gift! Emma can't wait to open it. The party is going to start at 10.00 o'clock and the weather is going to be great because there was a weather forecast on TV and they said about good weather conditions for that day.

The party is going to be so much fun and Emma knows she is going to have a fantastic day because she has the best friends ever! After the celebration Emma invited all of her friends and family to take some pictures as a souvenir. The real photographer is going to take them. Everyone is going to enjoy themselves
