

READING COMPREHENSION

A. Have you ever heard of the Man in the Moon? Many people say they can see a man's face on the surface of the moon. It's not really a face, of course. Instead, the "face" is a pattern made by **craters** and mountains on the moon's surface. When the moon is full and the sky is clear, we see some of those holes and hills.

Read the short passage and select the correct answer.

1. What is the best title for this story?

- ☐ "The Moon and Stars"
- ☐ "A Full Moon"
