Almost everywhere you go on the Internet you see avatars. Sometimes it's a website \_\_\_\_\_ an avatar, and other times it's people's real avatars. Do you have one? Or two, or three? I see a lot of avatars that \_\_\_\_\_ and look like Japanese anime. One of the \_\_\_\_\_ is to choose an animal as an avatar. I always \_\_\_\_\_ to choose my avatar. It's important to make one I really like. It \_\_\_\_\_. I also like avatars that move. All of the best avatars I've seen move. They are \_\_\_\_\_, and clever.
