

## CONTINENTES Y OCÉANOS

Profe Claudia Coronel

- Ver el siguiente video:  
[https://youtu.be/OwXB65-Au\\_8](https://youtu.be/OwXB65-Au_8)
- Completa el nombre de cada Océano y Continente en su lugar.

A world map with the following regions highlighted in different colors: North America (red), South America (red), Europe (blue), Asia (yellow), Africa (black), Australia (green), and Antarctica (grey). There are ten empty rectangular boxes placed around the map for labeling: one in the Arctic region, one in the Atlantic Ocean, one in the Pacific Ocean, one in the Indian Ocean, one in the Southern Ocean, one in the Arctic region, one in the Atlantic Ocean, one in the Pacific Ocean, one in the Indian Ocean, and one in the Southern Ocean.

Below the map, there are three rows of boxes containing the names of the continents and oceans in Spanish:

|                  |                 |                          |         |           |
|------------------|-----------------|--------------------------|---------|-----------|
| América          | Océano Pacífico | Océano Glacial Ártico    | Europa  |           |
| Asia             | África          | Océano Pacífico          | Oceanía | Antártida |
| Océano Atlántico | Océano Índico   | Océano Glacial Antártico |         |           |
