

Maze Practice

In the future, after years of dedicated practice, she (will be mastered - will have master - will have mastered) the piano to perfection. Her fingers will fly across the keys, and the music she will produce will (taste as if - sound as if - look if as) it was magic. The music she produces will be (more enchanting - enchanting - enchanter) than ever before, fascinating the hearts of all who listen.

Despite her accomplishments, her mother (rather - would rather - would) she (continue - had continued - continued) her musical journey, exploring new compositions and pushing the boundaries of her skills. brilliance.
