Mr. and Mrs. Soto and their son Hector went on a trip to the Grand Canyon in Arizona last year. They stood behind the railing and looked at the colorful walls of the canyon. The Grand Canyon was carved by the Colorado River many years ago. It is 277 miles long, 4 to 18 miles wide, and over a mile deep. The Sotos wanted to learn more about the Grand Canyon. Mr. Soto and Hector wanted to go on a helicopter tour, but Mrs. Soto was afraid of flying. She wanted to take a bus tour around the canyon. The Soto family couldn't afford both tours.
