

Internet Safety

Decide if the following statements are true or false. Account for your answers.

- 1) Young people are not affected by the misuse of the internet.
- 2) It's okay to share personal information like your address and phone number online.
- 3) It's impossible to take down a message, photo or video once it's been shared.
- 4) You can't report a specific post or photo on social media if it's against the community standards.
- 5) Most social media platforms let you block a person so that they cannot contact you or send you messages
