

# A trip to Bhopal

Name: \_\_\_\_\_

Class: IV

Line up the place values and begin at the left and compare the numbers.

Compare each number to find the greater number. Use <, = or >.

$2,943 \bigcirc 3,947$

$8,291 \bigcirc 8,987$

$9,414 \bigcirc 9,414$

$7,942 \bigcirc 7,924$

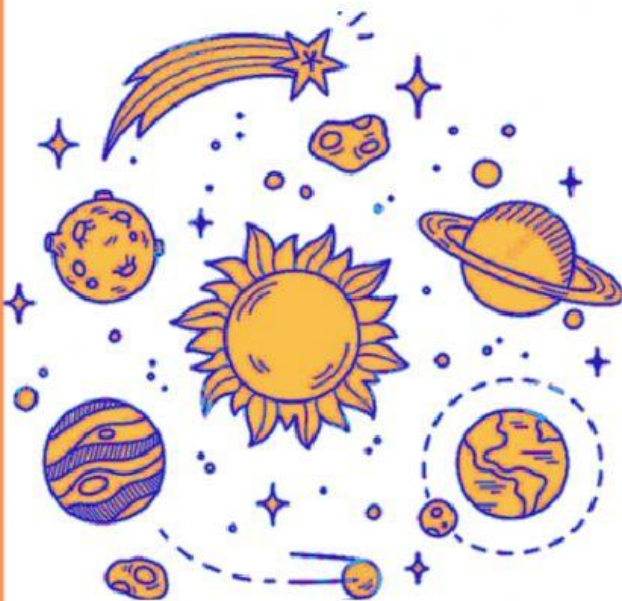

$4,924 \bigcirc 3,849$

$3,893 \bigcirc 3,839$

$8,689 \bigcirc 8,579$

$4,689 \bigcirc 4,854$

$3854 \bigcirc 3859$

The average distance between the Earth and the moon is about 238,855 miles away. The record for the farthest distance traveled by humans is 248,655 miles away.

Which distance is the farthest from Earth ?
