Subject: **Science** Title: **Worms**

Intractive Worksheet: Week 15/ Self-Learning Program

Exercise 1: Choose the correct answer under each image:

Exercise 2: Label the following statements as **true** or **false**:

- 1- Worms have a body covered by a shell
- 2- To protect yourself from tapeworm, you should wash your hands before eating
- 3- Most worms are parasites
- 4- Worms are a group of vertebrates

Exercise 3 : Read the below text about “Earthworm” and fill the card through matching:

Earthworms have soft segmented body, which helps the earthworm travel through soil. Earthworms are usually pink, brown or red in color and only a few centimeters long. Earthworms hide deep in the ground during the day and goes to surface at night to feed. The little earthworm is important for plants. An earthworm can't see or hear, but it is sensitive to vibration and light.

<i>Name of worm:</i>	soil
